When you need advanced pharmacy services, rely on UVA.

Our Specialty Services

We provide expert care and compassionate service to patients taking high-cost and complicated specialty medications. Our team of experienced pharmacists, nurses, and technicians have the special training and expertise needed to fill prescriptions for complex medical conditions that require special storage, handling, and delivery that most retail pharmacies are not equipped to handle. We're dedicated to helping patients living with complex medical conditions enjoy a higher quality of life.

We're Here to Help

Our team offers many services, including:

- Help with issues with insurance and affording your medications
- Arranging shipping and delivery of your medications
- Teaching you how to take your medications correctly
- Creating a treatment program tailored to your condition and individual needs

Convenience and Safety

We're committed to making sure you get your medications when you need them. At UVA, you can have all of your prescriptions delivered to your home or filled at one convenient location.

You can pick up your prescriptions at UVA Pharmacy or have your medications delivered from UVA Specialty Pharmacy. Parking is free when you pick up your medications in person.

Using UVA Specialty Pharmacy also means our pharmacists can review all of your medications to look for possible problems and drug interactions

If you have questions about your medications or copays, call UVA Specialty Pharmacy at **434.297.5500**.

Learning About Your Condition and Medications

Our team of experts will always take the time needed to make sure you understand how to take your medications and answer your questions. We're also happy to answer any questions you may have about your condition and the medications your doctor has prescribed.

Insurance and Costs

Sometimes issues with insurance and cost come up when you take specialty medications. Our team is dedicated to helping you work through any issues and making sure you don't have to go without your medication. We're experienced in working with insurance companies and doctors to solve these issues on your behalf.
