prosthetic appliances, and		
medical supplies		

## Covered Drugs<sup>3</sup> UVA Pharmacies<sup>6</sup> Aetna National Pharmacy Network

## **Prescription Drugs**

Covered drugs are evaluated and selected from Aetna's Advanced Control Plan Formulary. They require a written prescription and approval by the FDA.

Participating pharmacy cost-sharing using Aetna National Pharmacy Network pharmacies is detailed on this schedule.

The Plan mandates generic substitution. Coverage is limited to the cost of the generic when available. When a generic equivalent exists for a brand name prescription, you will be required to pay the difference in the cost between the brand name drug and the generic drug in addition to the appropriate copayment if the brand name drug is selected.<sup>3</sup>

Maintenance drugs for chronic conditions must be filled through the Maintenance Choice program with Opt-Out. This program allows 90-day scripts of maintenance drugs to be filled at UVA and CVS Pharmacies and CVS Caremark Mail Service Pharmacy. You must opt-out of Maintenance Choice if you want to fill a 30-day script of maintenance drugs at other retail pharmacies.

Contraceptive drugs and devices are covered. Over-the-counter preventive items mandated by the federal health care reform law are covered with a prescription. Other over-the-counter items are not covered.

Retail Pharmacy	Up to 30-day Supply	
Generic Drugs, Preferred Brand	Deductible & 20% coinsurance	Deductible & 20% coinsurance
Drugs, Non-Preferred Brand		
Drugs		
Maintenance Choice	90-day Supply	CVS Caremark Mail
Program with Opt-Out <sup>7</sup>		Service Pharmacy and CVS
		Retail Pharmacies
Generic Drugs, Preferred Brand	Deductible & 20% coinsurance	Deductible & 20% coinsurance
Drugs, Non-Preferred Brand

Generic Drugs, Preferred Brand	Deductible & 20% coinsurance	Deductible & 20% coinsurance
Drugs, Non-Preferred Brand		
Drugs		

Diabetic Drugs, Insulin, and Supplies	30-day Supply at an Aetna National Network Pharmacy	90-day Supply through Maintenance Choice
Generic Drugs	\$0	\$0
Preferred Brand	\$34	\$75
Non-Preferred Brand	Deductible & 20% coinsurance	Deductible & 20% coinsurance

- <sup>3</sup> When a generic equivalent exists for a brand name prescription and the enrollee selects the brand name drug, the brand name prescription cost sharing and the difference in the cost between the brand name drug and the generic drug are not included in the deductible or out-of-pocket amount. Neither is cost sharing for non-covered prescriptions or services.
- <sup>4</sup> There is no individual deductible for Health Savings participants. Those with Employee Only coverage have a \$3,000 in-network deductible. When more than one participant in a family is covered, the full \$6,000 in-network deductible must be met before claims can be paid. This deductible can be met by one family member satisfying the entire \$6,000 deductible or by multiple family members totaling their eligible claims to satisfy the \$6,000 deductible.
- <sup>5</sup> Health Savings will pay 100% of in-network preventive diagnostic, laboratory and X-ray procedures. The plan coinsurance will be applied for in-network non-preventive diagnostic, laboratory and X-ray procedures after the annual deductible has been met.
- <sup>6</sup> UVA Pharmacies include UVA Pharmacy at ERC, UVA Bookstore Pharmacy, UVA Student Health Pharmacy, Zion Crossroads Pharmacy, UVA Cancer Center Augusta Pharmacy, UVA Pharmacy Pantops, and UVA Specialty Pharmacy.
- <sup>7</sup> Participants can opt out of the Maintenance Choice program for all their maintenance medications. Contact Aetna at 800-987- 9072 before your third fill of maintenance medications and you can continue to fill a 30-day supply at your retail pharmacy at the regular retail costshare amount.

<sup>&</sup>lt;sup>1</sup> Participants living outside the United States for 90 consecutive days or longer who complete a special Foreign Country Enrollment Form available from the UVA HR may use providers in the country in which they are residing as in-network providers for health services with the exception of transplants, infertility, and bariatric services. Aetna Institutes of Excellence Network Providers must perform all transplant and infertility services. Aetna Institutes of Quality Network Providers must perform all bariatric service. Health services received in the U.S. must be provided by Aetna participating providers to be eligible for in-network benefits.

<sup>&</sup>lt;sup>2</sup> Out-of-network cost sharing amounts are based on the allowable amount which is defined as the amount the Claims Administrator will pay for any covered service before any applicable cost sharing amount. Participants are responsible for amounts above the allowable amount if they use non-participating providers, which may be significant. Participants are also responsible for obtaining any necessary preauthorization when using non-participating providers (Out-of-Network option). Failure to obtain preauthorization may result in denial of benefits. Call the Claims Administrator's Customer Service Department prior to accessing services to determine whether Preauthorization is necessary. Claims will be denied entirely if not medically necessary.
