

The time is now.

Say goodbye to smoking.

Ready to put out that last cigarette and say goodbye to smoking?

You'd be amazed by how fast your health can improve once you've quit. And how much better you can feel after you do. With the right tips and support, you can break the habit.

Leading the way

CVS Health® was the nation's first pharmacy chain to stop selling cigarettes and other harmful tobacco products in its retail stores.

Now, CVS Health is investing \$50 million to help deliver the nation's first tobacco-free generation.¹

Make way for a healthier you.

Choosing to stop smoking has its benefits.

Here's what can happen if you quit today:

- Your heart will start to recover the very next day.²
- Your risk for heart disease will drop sharply after two years.³
- You'll lower your risk for cancer in areas such as your mouth, throat and lungs.
- Your sense of smell and taste will improve.
- You'll save money.
- You'll protect your family from breathing secondhand smoke.

Did you know? There are no safer alternatives to cigarettes. E-cigarettes, smokeless tobacco, cigars and pipes are just as harmful. In fact, vaping-related respiratory illness is on the rise due to harmful substances. Secondhand vapor can expose others to these contaminants as well.⁴

We can help you quit.

It's no secret that quitting isn't always easy. But you can find tips and resources to help get you started. And things you can do to stay smoke-free for good.

Join a support group. Buddy up. You'll love connecting with others who are trying to quit too.

Remember your "why." Why do you want to quit? Remind yourself, and write it down every time you feel the urge to smoke again.

Avoid triggers. Skip alcohol, coffee and social events. Just until you're less tempted.

Keep yourself busy. Use this as an opportunity to find another hobby or to learn something new.

Plan ahead. Before you start quitting, it's good to know what to expect. Just visit smokefree.gov/quit-smoking to learn more.

Stay positive. Stay strong. If you slip up one day, just refocus and try again. You got this.

Get help. Work with a provider at a **MinuteClinic**[®], available at select CVS Pharmacy[®] and Target[®] locations to create a personalized plan to quit tobacco.*
