

UVA Health Plan

**Vaccines Covered by the Pharmacy Benefit * administered by
Aetna Effective January 1, 2021**

Non-seasonal Vaccines

Chicken Pox (Varicella)
Hepatitis A
Hepatitis B (Recombinant)
Hepatitis A and B
HPV (Human Papillomavirus)
MMR (Measles, Mumps & Rubella)
Meningococcal (meningitis)
Pneumococcal (pneumonia)
Shingles (Herpes Zoster)
Tetanus
Td (tetanus and diptheria)
TdaP (tetanus, diptheria, and pertussis)

*Those under age 18 should continue to receive their vaccines through the medical benefit at their doctor's office or at one of the pharmacies in Aetna's Expanded Vaccine Network. The pharmacies should be reminded to bill Aetna instead of AetnaRx so your medical benefit covers the vaccine.

Seasonal Flu Vaccines

Influenza (Flu)

UVA Aetna Health Plan follows CDC recommendations for Vaccines and Immunizations.
