

Annual Notices

Annual Notice of Women's Health and Cancer Rights Act of 1998:

The University of Virginia J Visa Health Plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema). Call Aetna, the claims administrator, at 800.987.9072 for more information.

Annual Notice of HIPAA Special Enrollment Rules:

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, under a *HIPAA Special Enrollment* you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stopped contributing towards your or your dependents' other coverage). However, you must request enrollment within 30 days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage). In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption or placement for adoption.

The Children's Health Insurance Program Reauthorization Act of 2009 (CHIPRA) created two new Special Enrollment rights for certain eligible employees and dependents **who lose coverage or become eligible for premium assistance** under a Medicaid or state children's health insurance program. Employees must request coverage changes within 60 days of the eligibility determination. See the CHIP notice included with your Open Enrollment materials containing additional information about the opportunity to enroll in the premium assistance programs. To request a *HIPAA Special Enrollment* or obtain more information, contact the UVA HR Benefits Division.

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you are eligible for health coverage from your employer, your State may have a premium assistance program that can help pay for coverage. These States use funds from their Medicaid or CHIP programs to help people who are eligible for these programs, but also have access to health insurance through their employer. If you or your children are not eligible for Medicaid or CHIP, you will not be eligible for these premium assistance programs.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, you can contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, you can contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or **www.insurekidsnow.gov** to find out how to apply. If you qualify, you can ask the State if it has a program that might help you pay the premiums for an employer-sponsored plan.

Once it is determined that you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must permit you to enroll in your employer plan if you are not already enrolled. This is called a “special enrollment” opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, you can contact the Department of Labor electronically at www.askebsa.dol.gov or by calling toll-free 1-866-444- EBSA (3272).

If you live in one of the following States, you may be eligible for assistance paying your employer health plan premiums. The following list of States is current as of January 31, 2014. You should contact your State for further information on eligibility –

Important Notice from the University of Virginia J Visa Health Plan about Your Prescription Drug Coverage and Medicare

This notice ONLY applies to “Medicare-eligible individuals” including any active, disabled or retired employees or their dependents who are enrolled in, or in the process of enrolling in, prescription drug coverage under the University of Virginia Health Plan.

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with the University of Virginia J Visa Health Plan and about your options under Medicare’s prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare’s prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. The University has determined that the prescription drug coverage offered by the UVA J Visa Health Plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you are a Medicare-eligible retiree, retiree spouse, retiree dependent, survivor, or survivor

dependent, your UVA J Visa Health Plan coverage will terminate when you become Medicare eligible. If you are a Medicare-eligible active employee, employee spouse, or employee dependent and you decide to join a Medicare drug plan, your current UVA J Visa Health Plan coverage will not be affected. Your current coverage pays for other health expenses in addition to prescription drug. If you enroll in a Medicare drug plan, you and your eligible dependents will still be able to receive all of your current health and prescription drug benefits. In this case, the UVA J Visa Health plan will pay primary and Medicare will pay secondary.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with the UVA J Visa Health Plan and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice Or Your Current Prescription Drug Coverage...

Contact the person listed below for further information. **NOTE:** You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through the University changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

As in all cases, the UVA J Visa Health Plan reserves the right to modify benefits at any time, in accordance with applicable law.

Notice to Enrollees in the UVA Health Plan for 2022

Group health plans sponsored by State and local governmental employees must generally comply with Federal law requirements in title XXVII of the Public Health Service Act. However, these employers are permitted to elect to exempt a plan from the requirement listed below for any part of the plan that is “self-funded” by the employer, rather than provided through a health insurance policy. The University of Virginia has elected to exempt the University of Virginia Health Plan from the following requirements:

- Protections against having benefits for mental health and substance use disorders be subject to more restrictions than apply to medical and surgical benefits covered by the plan.

The exemption from this Federal requirement will be in effect for the 2022 Plan Year beginning January 1, 2022 and ending December 31, 2022. The election may be renewed for subsequent plan years.
