

## Summary of Material Modifications to the UVA Health Plan in 2022 due to the COVID-19 pandemic

### COVID-19 Tests:

- FDA-approved testing needed to detect or diagnose COVID-19 and the administration of that testing is classified as a preventive diagnostic test beginning March 18, 2020. The UVA Health Plan covers it at 100%. There is no participant costsharing.
- Services furnished during visits that result in an order for, or administration of, a COVID-19 diagnostic test, but only to the extent that the items or services relate to the furnishing or administration of the test or the evaluation of the participant for purposes of determining the need of the participant for the product will be covered by the UVA Health Plan at 100%. There is no participant costsharing.

### COVID-19 At-Home or Over-The-Counter Tests:

Between January 15, 2022 and June 30, 2022, the UVA Health Plan will cover up to **eight** at-home diagnosis tests or over-the-counter (OTC) COVID-19 tests per 30 days (or per month) for plan members absent involvement of a health care provider and without cost sharing.

Details of the new coverage include:

- UVA Health Plan allows members to seek reimbursement for OTC tests they purchase online or in-person without the direct involvement of a health care provider.
- UVA Health Plan will cover, without cost sharing, no less than eight OTC tests per covered individual per 30 days (or per month) (i.e., if testing kits contain two tests per kit, then no less than four kits per month) in addition to all diagnostic tests ordered by a provider.
- UVA Health Plan will limit reimbursement to the lesser of \$12 per test or the actual price (whichever is lower).

### Follow These Steps for Reimbursement:

1. Complete steps 1-19 on the [Aetna Claims Reimbursement form](#).
2. Once you have completed the form, submit with receipt(s) through the [Aetna member portal](#).
  - a. Once logged in click on envelope at top right of the site, this will open new window.
  - b. Select New Message
  - c. Next select Send Message
  - d. From the Topic options choose A claim
  - e. Follow the steps as prompted.
3. You may also fax materials to #859.455.8650.
