

# EARN WHILE YOU LEARN

## Are you wondering what to do when you graduate?

Many people don't realize positions and training programs only require a high school diploma or GED to start working right away. You can even be paid while you train in several areas at UVA Health.

**LEARN MORE** 

### AVAILABLE TRAINING:

- Emergency Medical Technician
- Certified Medical Assistant
- Certified Nurse Assistant
- Phlebotomist
- Pharmacy Technician

### WHAT DOES EARN WHILE YOU LEARN MEAN?

The training roles listed above are available to people with no prior experience or training. You are hired as a trainee. While you complete your training you are paid full time salary and benefits. About half of your week is in class and the other half is working or building your skills. Most of the training programs last 6-12 weeks. When you are finished you transition into a permanent position.

### WHAT HAPPENS IF I WANT TO CONTINUE MY EDUCATION?

UVA is committed to helping our employees reach levels they did not think possible. Programs like Earn while you learn, tuition reimbursement, and scholarship programs make achieving your goals possible.

### WHAT ARE THE BENEFITS EVERYONE TALKS ABOUT?

Our benefits package is actually equal to about 30% of your salary! They include health care insurance, paid vacation time, retirement, and more.

### HOW MUCH DOES IT COST?

These training programs are totally free! We do require 1 year commitment following training.
