## Manager Responsibilities: Pre-Boarding

- Announce to team and others, as needed, the new hire and his/her start date. Select one or more members of your team who may serve as a “buddy” to the new hire and connect them.

- Contact your new hire prior to their scheduled virtual orientation date. Welcome him/her, and provide your contact information (email, phone, cell phone) and the best way to get in touch with you.

- During another conversation with your new hire, discuss guidelines and expectations for working from home OR schedule a time, location, etc. for reporting to work. If working on Grounds, be sure the new hire’s office/desk/space is ready.

- Discuss IT needs and requirements: Does your new hire need a laptop? Will your new hire be using a personal or work cell phone? What technology will your new hire need to connect to you, your team, the department, UVA? **Work with your LSP or IT department to set up what’s needed.**

- Schedule regular Zoom meeting check-ins (preferably at the same time, every day, every week, as needed) ahead of time so your new hire can plan what to ask and so that you can be prepared.

- Arrange a Zoom meeting on or shortly after the new hire’s first day. Introduce other members of your team.

- Provide your new hire with a schedule for the first few weeks and continue to stay in contact regularly so your new hire doesn’t feel isolated or lost.

- Send Resources/Links with information about local area (housing, schools, things to do), if new to area (i.e. Charlottesville, Charlottesville & Beyond, Charlottesville Community Resources)

- Contact new hire to continue welcome process and to remind them of:

  - Completing Section 1 of the I-9 Form via Workday
  - Department/School’s safety & security policies & procedures
