[MUSIC PLAYING]

You don't come into UVA to become one certain type of person. You come to UVA to become the best version of yourself.

Everyone here really wants you to see you succeed, and it's that kind of environment that's just made me who I am today. You have peers who are pushing you to the next level. Faculty who are trying to teach you new things. You have people who believe in you. There's this constant energy to lift each other up.

I feel like I belong here because people here make me feel like I belong here. What makes UVA feel like home is the effort that everyone extends to make it feel like home. UVA is home because it's where I've found the people that I want to be around who I am impressed by and inspired by daily.

[MUSIC PLAYING]

I can't help but think that I'll look back on these 4 years as some of the best years of my life.
